Cirrus SR22 G3

The SR22 G3 is as sporty as a BMW and safe as a Volvo; it is also the world's best selling aircraft. The state-of-the-art Cirrus G3 zips along at 215 mph yielding the same mileage as an SUV.

This aircraft is equipped with the latest avionics, XM satellite radio, Bose noise canceling headsets, satellite weather and plenty of storage. Safety features include EVS (forward looking infrared), Cirrus' proprietary CAPS™ (Cirrus Airframe Parachute System) and front passenger airbags. The SR-22 is also our most cost-effective aircraft accommodating up to 3 passengers.
